

RESEARCHERS' DAY WFC25

WEDNESDAY, MAY 7 - 2025
TIVOLI HOTEL AND CONGRESS CENTER,
COPENHAGEN, DENMARK

NOTICE OF RESEARCHERS' DAY

Chiropractic Knowledge Hub and the World Federation of Chiropractic (WFC) welcome researchers and clinicians to Researchers' Day at WFC25CPH. This event provides a platform to examine the impact of digitalization and AI on research and clinical practice.

DIGITALIZATION AND AI – ETHICAL ASPECTS IN PATIENT CARE AND RESEARCH

The rapid development of digital tools and AI presents both opportunities and challenges. Are these technologies an asset or an obstacle? How can they be effectively integrated into research and even patient care? What ethical concerns do they raise? Join us for discussions on the impact of AI in healthcare.

REGISTER HERE 

Remember that you can still submit your presentation for the **Call for Presentations** at Researchers' Day! PhD students and early-career researchers are encouraged to share their work and connect with an international research community. Find more details and submit your title here:
