

Dr. Kelly Fleck has dedicated 14 years of service to the world of governance, showcasing his leadership and commitment within the chiropractic profession. He began his journey as a director on the Alberta College and Association of Chiropractors, where his ability and vision led him to roles as both Audit Chair and Vice Chair. Demonstrating exceptional leadership capabilities, Dr. Fleck was selected as co-chair of the Inaugural Board Committee, tasked with overseeing the separation of the association from the college, a significant milestone in its history as a profession in Alberta.

As the organization transitioned to a standalone organization, he fulfilled key roles as Vice Chair and Chair. Currently, he serves as Past Chair, continuing to lend his experience to support the board's initiatives and objectives.

In addition to his governance roles, Dr. Fleck has built a successful multidisciplinary family practice in Sherwood Park, Alberta, Canada, where he passionately treats and cares for his patients within his community.

Beyond his professional endeavors, Dr. Fleck is a devoted family man. He shares life with his loving wife, Michelle, and they are proud parents to three daughters: Jaelin, Ciarra, and Kaia. Together, they foster a nurturing home environment that values education and personal growth.

His commitment to both his profession and his family highlight the values he holds dear, making him a well respected member in his community and an inspiring leader within the chiropractic profession.
